

The Yacka Moorundie Landcare Group proudly presents:

# Towards Sustainability SA

## WORKSHOP

*"This event is a must for any person with an interest in or around strengthening agriculture, the environment and communities."*

This 2 day event brings together the inspiring Catherine Marriott and Julia Telford presenting the Influential Women workshop with a land care focus. The aim is to install confidence, knowledge, leadership, business skills and teamwork through interactive activities.

Learn how to communicate effectively within your business, community or industry and get your message across in an influential way. Learn how to better manage our natural resources, communicate the message of land care and present in a way that everyone can contribute towards.

Catherine and Julia are passionate advocates for rural Australia, hosting many inspirational workshops nationally and internationally.
